

# Cardholder Travel Information

Debit and credit card fraud continues to increase at an alarming pace. New Cumberland Federal Credit Union takes extensive measures to minimize and prevent fraud. However, there are precautionary measures that cardholders should take, as well.

## Important Traveling Tips

- Notify the Credit Union of extensive domestic and/or international travels
- Inquire about potential international fraud blocks before you travel\*
- Test your card to confirm that you have the valid PIN
- Verify that your card will not expire while traveling
- Carry alternative payment methods (i.e. additional debit/credit cards)
- Do not pack all payment methods together (i.e. one in a suitcase, another in a purse or wallet)
- Remain observant for pick pockets
- Photocopy all cards front and back and keep copies on hand
